

US Class Dean Update

To the families of the Class of 2028,

We are writing to share an important reminder regarding student safety and traffic flow during morning arrival and afternoon dismissal, as well as an announcement regarding school photo retakes.

Traffic & Campus Safety Reminders

The safety and well-being of our school community is our top priority. Please review the following procedures to ensure arrival and dismissal run safely and smoothly for everyone:

- **On-Campus Pick-Up and Drop-Off Only:**
All student drop-offs and pick-ups must take place on campus. Dropping off or picking up students outside the gates—especially double-parking along North Woodland Street—creates severe traffic congestion and poses a serious safety hazard. We also ask that you be mindful of our neighbors, who have raised valid concerns about blocked streets and access.
- **Keep the Morning Car Line Moving:**
During morning arrival (especially during peak traffic from 7:50 AM to 8:05 AM), please do not stop to let students out in the middle of the drive or immediately after passing through the Woodland gate. Stopping early prevents incoming cars from entering the campus and backs up traffic onto the main road. Please pull all the way forward to the designated drop-off zone before letting students exit.
- **Follow Staff Instructions and Show Respect:**
Our facilities and traffic personnel are out each day working hard to keep traffic moving safely. Please follow their instructions and treat them with courtesy and respect. To support our staff and assist with enforcement, our on-campus police officer will be stationed along the route during peak morning and afternoon hours.

School Photo Retakes

In addition to our campus reminders, please note that school photo retakes will take place tomorrow, **Wednesday, October 28, from 11:30 AM to 1:30 PM** at the back of the STEM building.

Students who were absent during the original photo day or who would like to have their picture retaken are encouraged to stop by during this window.

Thank you for your ongoing cooperation and partnership in keeping our campus safe and supportive for everyone.

Best,

Dylan Bryant

Dean, Class of 2028
