US Class Dean Update

Hi 10th Grade Families,

It was great to see so many of you at last night's Parent Forum, and I hope that you found it informative. I recognize, of course, that attending evening events can be a challenge. With that in mind, I'd just like to share a brief recap and the two slidedecks from the program.

I began the program with a brief recap of the first months of school and looked ahead to the remainder of the first semester, which ends on January 15. Kim Lalli, Eileen Feikens, and Dr. CW led the rest of the program, which focused on our transition away from APs to internally created and curated Advanced level courses. The two slidedecks below contain the brief information I shared about the months ahead and Kim Lalli's presentation on our transition away from APs: 10th Grade Advanced Studies Slideshow and D-E Important Upcoming Dates

Again, thanks very much for coming, and always feel free to get in touch. Have a great day.

Best,

Brian
